

Heritage Christian School is currently accepting applications for the following positions:

Director of Technology

We are now accepting applications for the position of Director of Technology. The primary objective of this position is to direct the development, implementation, operation, monitoring and evaluation of the technology program at HCS.

Qualified candidates will possess a minimum of a BS in IT, Computer Science or a related business area, plus four years related professional experience, MCSE and/or MCSA certification, and strong skills and knowledge with Cisco environments; CCNA preferred. Extensive experience with, and knowledge of computers, servers, security, networks, voice systems and related technologies is also required.

Excellent communication, personnel, management and leadership skills are essential to the success of this position. This is a 12-month position, with Leadership Team responsibilities.

For more information, visit our website at:
www.heritagechristian.net to view the entire job description.

If you are qualified for and interested in this position, please submit an employment application, testimony of Christian faith, resume with cover letter, *including salary requirements* to:

Amy Byrne
Human Resources Specialist
Heritage Christian School
6401 E. 75th Street
Indianapolis, IN 46250

Applications may be printed from the website or found in the Administration building on our campus. All candidates will be notified of their status; however, *applications may be accepted until the position is filled*. This position will be available on or before May 1, 2009.

Thank you for your interest in Heritage Christian School.

Applicants are considered for employment without regard to age, race, gender, color, disability, ancestry or national origin.
